Dear Harold,

Would you please send me the index and additional pictures for "Whitewash II." Enclosed is a self-addressed envelope.

In recent weeks I have become increasingly interested in the case and have tried to read just about everything I can get my hands on concerning it. However, I am afraid that much of the wild speculation on the part of some will cloud serious investigation.

Aside from my personal interest in the case, I'd like to keep up with your activities because of your local connections so that I may report them on our local newscasts here.

Looking forward to "III." Hope to see you the next time you're in this neighborhood.

Sincerely,

Joe Mosbrook
